

## Department of OG Nursing observes Safe Motherhood Day

National Safe Motherhood Day was celebrated by the Department of Obstetrics and Gynaecological (OG) Nursing on April 11th 2017, under the theme, 'Quality, Equity, Dignity for Improved Maternal Health'. Various competitions were conducted to promote the theme the previous week, and staff from OG Nursing and Community Health Nursing departments actively participated. To effectively highlight the significance of safe motherhood, an exhibition was set up, inaugurated with prayer by Chaplain Rev. Deborah.

Mrs. Ebenezer Ellen Benjamin, Professor and Head of OG Nursing, opened the programme with a few words of welcome, following which the guest of honour, Dr. Annie Regi, Professor and Head of Obstetrics and Gynaecology Department, addressed the gathering. Mrs. Florence Segaran, Deputy Nursing Superintendent, offered her felicitations, and Mrs. Emily Daniel, Additional Deputy Dean, distributed prizes to the winners of the contests.

The exhibition was unveiled by Mrs. Annapoorna, a retired staff of the Maternity Department. The gathering then proceeded to view the informative stalls, which were jointly put up by the OG Nursing, Dietary and Physiotherapy departments, on the subject of motherhood.
