

Dept. of Infectious Diseases co-hosts annual national ID conference

The Clinical Infectious Diseases Society (CIDS) of India, in association with the Department of Infectious Diseases (ID), CMC Vellore, held their 8th annual conference – CIDSCON 2018 – from the 16th to the 18th of August at CMC. CIDS serves to combat the major health challenge of infectious diseases such as AIDS, tuberculosis and scrub typhus.

A wide variety of topics for discussion were organised under the theme 'Consolidating knowledge to impact patient care', covering the significant developments in the field of ID.

The conference was attended by over 600 delegates from across the country, with national and international faculty representation. International faculty from the United Kingdom, the United States of America, Australia, Singapore, Thailand, Vietnam and Laos attended the conference. [Read the full story.](#)
