Invites applications to short courses on

**CLINICAL TRIALS
&
CASE CONTROL STUDY
DESIGNS**

Last Date for receiving applications

16th September 2017

**CME Credits will be awarded for those
attending this.**

CLINICAL TRIALS

Well planned and properly conducted clinical and field trials can provide valuable information which can have considerable impact on clinical and public health interventions.

This course is planned to provide skills to the participants in randomization techniques, sample size calculation, masking manoeuvres, preparation of forms and data analysis using multivariate techniques.

Duration : 16th to 21st October 2017

Course fee : Rs.3,500 (including service tax)

No. of Participants : 15

CASE CONTROL STUDY DESIGNS

Case control studies are probably the most elegant of all epidemiological study designs. A large proportion of articles appearing in medical journals are based on case control studies. The relative ease with which case control studies can be carried out is offset by the difficulty in comprehending the rationale underlying the study design.

This course is aimed at enabling the participants to design, conduct, and analyse valid case control studies. The course will also enable the participants to critically evaluate case control studies appearing in medical journals.

Duration : 23rd to 28th October 2017

Course fee : Rs.3,500 (including service tax)

No. of participants : 15

Eligibility: The applicant must be familiar with basic principles of epidemiology and biostatistics. Previous attendance at one of the introductory courses in epidemiology is desirable.

Venue: Community Health Training Centre (CHTC) in the Christian Medical College campus at Bagayam.

Boarding and Lodging

The CHTC guest house located near the training centre has board and lodging facilities.

Room Rent : Shared double occupancy Rs.350/- per head.
Single / Double AC Rs. 900

Food : Extra

How to apply

Apply to the following address using the format provided so as to reach us by 16th September 2017 by post or email.

Indicate whether you want to apply for one of the courses or both by ticking in the boxes provided.
