## THE UROLOGY MASTERCLASS

### 7<sup>th</sup> Annual CMC Vellore Postgraduate Course

May 31<sup>st</sup> – June 1<sup>st</sup>, 2019

#### Message

*We have had a very good response to the urology masterclass over the last 8 years. The aim remains unchanged, to enhance and improve the understanding of critical issues in urology.*

*The CUE is designed to include didactic lectures on important topics followed by multiple case presentations. The best way to approach ward round cases will be demonstrated and the students will actively participate in the case discussions. Opportunity will be provided to improve communication skills. This requires the candidate to have a sound foundation in basic urology on which an advanced set of skills can be learned. The participant should come well prepared to derive maximum benefit. This course is aimed for postgraduate students in their final year of urological training.*

*We will have interactive faculty lectures. The topics which will be decided by a pre Masterclass survey among the participants.*

*Eminent and experienced teachers from leading urology departments of the country will be the faculty. The programme has also been sent for accreditation for CME points.*

*The number of registrations will be restricted to maintain quality and ensure that all participants get an equal opportunity. Free accommodation will be provided for the participants on a first come first serve basis. We request you to confirm your participation at the earliest.*

*We look forward to seeing you in Vellore.*
