

National Pediatric Nursing Conference - 2021

*Theme - Innovations and Advances in Paediatric Nursing :
Gateway for Quality Care*

Date: June 24 - 25, 2021
Virtual Conference
Hosted by
Department of Paediatric Nursing,
College of Nursing,
Christian Medical College, Vellore

Dear Sir/Madam

It is our pleasure to invite you to the National Pediatric Nursing Conference hosted by College of Nursing, Christian Medical College (CMC), Vellore, Tamil Nadu on June 24-25, 2021.

CMC's uniqueness lies in its ability to serve the people in India as a multidisciplinary tertiary care health center with 3000 beds as well as deliver cost effective primary care to the communities locally. The College of Nursing, as an integral part of CMC plays a vital role in providing high quality of education and training to prepare knowledgeable and competent nurses who effectively function in various health care settings.

Explosion of knowledge as evidence, technological advances, and emphasis on quality patient outcomes necessitate the need to keep abreast of the rapid changes in the delivery of health care. Nurse led innovative approaches to care are no longer just needed but have become a mandate to improve patient outcomes. The field of Pediatrics has now far advanced with many branches of specialties and pediatric nursing has kept abreast of all the changes. However, pediatric nurses need to be continuously motivated to broaden their knowledge so as to engage in innovative practices that improve child and family outcomes. In this conference we intend to encourage every participant to deliberate on improving quality of care to children with the following objectives:

1. Expand their knowledge on newer approaches to preventive and promotive child care
2. Comprehend the dimensions of pediatric assessment
3. Explore the advances in selected aspects of nursing management in children
4. Delineate the psychosocial aspects of health in children
5. Appreciate the professional advances and role of research in pediatric nursing

CALL FOR ABSTRACTS

The scientific committee invites research abstracts related to the conference theme and subthemes for oral or e-poster presentation

THEME—Innovations and Advances in Paediatric Nursing : Gateway for Quality Care
