Radiology organises CME on vascular anomalies

The Department of Radiology, in association with the Vellore sub-chapter of Tamil Nadu and the Puducherry chapter of the Indian Radiological and Imaging Association (IRIA), organised a Continuing Medical Education (CME) programme on ‘Vascular Anomaly’ on the 22nd of May, 2018. The workshop was a two-day event packed with lectures and group discussions.

The guest of honour was Dr. Philip Rowland John, Associate Professor and Paediatric Interventional Radiologist from the Hospital for Sick Kids, Toronto, Canada, who spoke on various topics related to his field. Dr. John's talks sparked lively discussions that benefited all the participants. A multi-disciplinary CME was held on the 23rd, which focused on updating the current classification of vascular anomalies and the approaches to their management. The CME was awarded five credit points from the Tamil Nadu Dr. MGR Medical University.
