The filled-in application form and scanned copies of all the documents and photographs may be sent as email attachments to the Principal's office (at [princi.elective@cmcvellore.ac.in](mailto:princi.elective@cmcvellore.ac.in)). **The Medical Council of India fee is Rs 6000/- and an additional amount of Rs 2000/- towards processing and postage charges (the total amount is Rs 8000/-) is required.** Money once paid will not be refunded. Fees once paid cannot be refunded. Processing of papers by the MOH, MCI and External Affairs usually takes about 3-4 months after the application is received by them. The Principal's office will inform the student as soon as permission is received from the MOH, MCI and External Affairs. The dates given in the elective application form cannot be changed without further clearance from the MCI.

#### **Fee for Elective Placement at CMC:**

#### **Clinical Posting during Elective Programme:**

The clinical posting will be organized by the respective departments. The posting will consist of outpatient clinics, ward rounds, bedside clinical teaching, academic sessions, lectures, and operation theatre. You will be allowed to work up patients by yourselves with permission of the treating physician and the patient. You will not be allowed to prescribe and perform procedures.

#### **Choosing Clinical Postings for Your Elective:**

The elective programme is planned in a flexible way to ensure that you experience the range of clinical medicine that is practiced in India. We would like you to choose your postings at the application phase in order to ensure a good learning experience. The form for submitting your choice of clinical postings is given towards the end of this information sheet. Alternatively, it will be sent to you from Principal's office on request.

The suggestions provided below give you details about departments and undergraduate curriculum schedule. This will help you choose your postings appropriately. We will try and provide postings that are suited to your learning needs. However, if the slot for a chosen clinical posting is not available during your elective period, we will advise you to choose another posting from the available vacant slots.

***We advise one posting under each of the following categories:***

- **Option 1:** One or more clinical postings of your choice which need not be with medical students (between 2 - 4weeks)
- **Option 2:** A posting in Community health care (2 - 4 weeks) at any one of the departments below
  - CHAD (Community Health and Department)
  - RUHSA (Rural Unit for Health and Social Affairs)
  - LCECU (Low Cost-Effective Care Unit)
- **Option 3:** A posting along with undergraduate students at Christian Medical College at your corresponding academic level (between 1 - 4 weeks). To help you make your choice please refer to the Undergraduates MBBS clinical posting schedule at CMC, for the entire course given at the end of this document.

**The above options are only a guideline. All the postings that you choose may be under a particular option and not necessarily one posting under each option.** Please specify the posting that you would like to select under options 1, 2 and 3 and also mention the duration of each posting with the exact dates, in the application form for Clinical postings. **We will not be able to change your schedule after arrival.**

**Evaluation of Elective Students:**

Elective students who come to Christian Medical College, Vellore will be evaluated by the departments that they are posted with. We also request you to send us by e-mail, a copy of the report that you submit to your university.

**FOR ALL FOREIGN STUDENTS:****Visa:**

It is your responsibility to make sure you obtain an appropriate Indian Visa, valid for the period of stay. **A Student Visa is mandatory.** You will not be allowed to enter the country if you come on a tourist visa. It is your responsibility to ensure that all papers are in order before embarking. The rules and regulations pertaining to foreign nationals visiting India will also apply to you as foreign students.

All medical student visits require clearance by the Medical Council of India (MCI) as well as the Ministry of Health (MOH) / Ministry of External Affairs (MOEA). Please note that the process can take upto 4 months. Currently regulatory council approvals are not required for Allied health students.

**The stay in the country is limited to the days permitted by the MCI.**

Anybody entering the country with a visa valid for more than 180 days or with the recommendation to register typed on their visa needs to register with the Foreign Registration Regional Office within 14 days of arrival. This registration requires the clearance of the Medical Council of India for medical students, and Allied Health students the Elective section will guide you on this procedure. As before, all 'student' visas also require prior MCI clearance.

After arrival in CMC/Country, an online 'Form C' (arrival report of foreigner in institute) has to be filled by all foreigners. **This should be done within 24 hours after arrival** in the country. In certain circumstances, particularly if yours is a student visa requiring police registration or a visa which lasts for more than 180 days, you will need to **register** with the Foreigners' Regional Registration Office at the Police Headquarters. This must be done within 14 days of arrival in India. If you have come on a student visa and your visa states that police registration is required, an online 'Form S' also has to be filled. We will help you with these formalities, but it is your responsibility to ensure that you are properly registered.
