*I have told you these things, so that in me you may have peace. In this world you will have trouble. But take heart! I have overcome the world. John 16:33*

## Report on the Heat-Related Illness Awareness Programme Organised by the Hospital Infection Control Committee & Heat-Related Illness Task Force

The Heat-Related Illness Awareness Programme was a three-day event, held on 24th to 26th April 2025. It was organised by Hospital infection control committee (HICC) in collaboration with the Heat Related Illness(HRI) taskforce, Town Campus, CMC, Vellore, to create awareness on the issue related to heat and its profound impact on human health and the environment. Heat-related illness is of concern, across India, including Tamil Nadu- being a southern state with a tropical climate, experiencing soaring temperatures exceeding 40°C, especially during the peak of summer, makes the region highly vulnerable to heat-related illnesses. In urban areas like Vellore, the problem is intensified by the Urban Heat Island effect, which further deteriorates living conditions and amplifies environmental stress.

Heat exposure presents a significant risk to public health, disproportionately affecting vulnerable groups such as children, senior citizens, pregnant women, outdoor workers, as well as patients, visitors and healthcare workers in healthcare settings. Healthcare facilities can play a key role in sharing health advisory and provide support to people for disseminating protective health interventions and providing valuable resources.

As part of this awareness campaign, various stalls were set up to highlight the importance of recognising the signs and symptoms of heat-related illnesses and taking proactive measures for prevention. These stalls displayed pictures and posters with explanation in English and other vernacular languages, to ensure that the common people can easily access the information. Infection Prevention and Control Nurses, also organised puppet shows to demonstrate real-time management of HRI and providing practical tips for prevention and management.

The inaugural function began with a prayer song by the infection control family followed by prayer and benediction by Mrs. Abisha Stalin, from Chaplaincy, setting a reverent tone for the event. Mrs. Arockiaseli Mabel A, Deputy Nursing Superintendent, welcomed the dignitaries as well as the gathering. Felicitations were offered by Dr. Vikram Mathews, Director, who emphasized that heat stress is entirely preventable and lauded the efforts of the HRI Task Force for organising the awareness programme. He highlighted the urgent need for timely implementation of these measures to prevent fatalities from heat-related illnesses. Dr. I. Rajesh, Medical Superintendent, highlighted the factors that led to the inception of the HRI task force in May 2024, emphasized the trio of mitigation strategies: monitoring, prevention, and treatment. He emphasized the importance of raising awareness among staff, patients, and the community. Mr. Anand John Samuel, Associate General Superintendent provided an overview of the heat mitigation strategies, such as providing drinking water in all wards and OPDs, and implementing cooling measures like pedestal fans and air coolers within the institution. He also praised the efforts of the environmental engineering team for their invaluable contributions. Finally, Dr. Jenifer Jeba, the team lead for the HRI task force summarised the activities of the HRI task force and underscored the importance of this awareness program in enhancing public health.

The ceremony concluded with a vote of thanks by Dr. Hema Paul, Physician and Senior Infection Preventionsist.

“Awareness is power, Action saves Lives”

## Celebrating Neurodiversity: Autism Awareness Month at CMC Vellore

The theme for World Autism Awareness Month: April 2025 is "Advancing Neurodiversity and the UN Sustainable Development Goals (SDGs)". This theme highlights the intersection of neurodiversity and global sustainability, emphasising how inclusive policies and practices can drive positive change for autistic individuals and contribute to achieving the UN Sustainable Development Goals.

In commemoration of Autism Awareness Month in April 2025, the Child and Adolescent Psychiatry Unit (Nambikkai Nilayam), Department of Psychiatry, organised a series of awareness and social inclusion programmes aimed at promoting neurodiversity among society and healthcare professionals. A key highlight was the social equity event *“Celebrating Children with Autism”* held on 4<sup>th</sup> April, 2025, at College Campus. The event was honored by the presence of the Principal, Dr. Solomon Satishkumar (Guest of Honor), Dr. Manoranjitham (Head of Psychiatric Nursing), Rev. Joseph (Chaplain), Dr. Rajesh G. (Head of Psychiatry), along with several faculty and staff members who took the time to participate and express their support.

The event was a joyful and engaging experience for children with autism spectrum disorder (ASD), organised in collaboration with enthusiastic student volunteers from the medical, nursing, and allied health fields. Approximately 60 children from Nambikkai Nilayam and Rehab along with their families participated in the programme. Each child was paired with a student volunteer who interacted and guided them through a range of fun activities and games. This thoughtful arrangement allowed parents a much-needed respite and the opportunity to take part in games and activities designed especially for them. A heartfelt testimony from a doctor couple from CMC shared their experiences of raising a neurodivergent child, offering encouragement and reminding everyone present of the strength that can be found through faith in Christ. Their story highlighted how faith can help overcome various challenges along the journey.

Continuing the spirit of awareness, a vibrant Autism Awareness 5K Run was conducted on 26<sup>th</sup> April, 2025, for students and hospital staff to foster inclusivity and understanding. The event was flagged off from Carman Block and was marked by enthusiastic participation across departments. Distinguished guests included the Medical Superintendent, Dr. Rajesh I. (Guest of Honor), Principal Dr. Solomon Satishkumar, Vice Principal Dr. Vinod Abraham, Rev. Joseph (Chaplain), and Dr. Rajesh G. (Head of Psychiatry), who all joined to show their support.

**The run concluded with the announcement of winners:**

**Category: 1-Men:** First Prize – Mr. Kevin Moses, Second Prize – Mr. S.J. Pranav, Third Prize – Dr. Charlin.

**Category: 2-Women:** First Prize – Ms. Sheryl Susan Mathew, Second Prize – Dr. Surabhi Singh, Third Prize – Ms. Zuby Mickal.

**Category: 3-Children:** First Prize – Master. Jehu Elisha, Second Prize – Master. Jaden Samuel, Third Prize – Master. Levi Johanan.

The CAP unit would like to extend heartfelt thanks to the Medical Superintendent, Dr. Rajesh I, and the Principal, Dr. Solomon Satishkumar, for their unwavering support in conducting these events. A special note of appreciation also goes to the students for their active participation and Dr. Balaganesh, Chief Physical Director, for his valuable assistance in organizing the 5K Run and ensuring its smooth execution. These events mark small yet significant steps toward raising awareness, promoting acceptance, and empowering children with ASD and their families. They also serve to sensitize and inspire future healthcare professionals to build a more inclusive and compassionate world.

## 14th Basic Course in Medical Education

The National Medical Commission's 14th Basic Course in Medical Education [BCME] was conducted for In-house CMC faculty from 28th to 30th April 2025 in the Nodal Centre, Medical Education Department (MED), CMC, Vellore. Thirty participants (30 Professors) benefited from this course.

The objectives of this programme were to:

- Sensitise the participants to understand the Principles of learning
- Frame specific learning objectives for a competency
- Enumerate various interactive learning methods in a large group or a small group
- Choose the right assessment method for the competency
- Give timely feedback to the students
- Apply innovative methods in teaching & assessment of AETCOM (Attitude, Ethics, and Communication) modules.

Dr. Margret Shanthi F. X. started the day with a word of prayer, and Dr. Solomon Sathishkumar, Principal, welcomed the members present. Resource persons from various departments in CMC, Vellore, facilitated the most active sessions. Dr. Prakash S. S. proposed the Vote of thanks on the third day.

The Department of Medical Education gratefully thanks Dr. Margaret Shanthi F. X., Dr. Surekha V., Dr. Sudha Jasmine, Dr. Sowmya Sathyendra, and Dr. Sathishkumar T. Dr. Vinay Oommen, Dr. Tripti M. Jacob., Dr. Vandana K., Dr. Prakash S. S., Dr. Deepak V. Francis, Dr. Divya Elizabeth Muliylil, Dr. Srujan Lam Sharma, Dr. Supraja S., Dr. Latif Rajesh Johnson and Dr. Katti Blessi Sara for all their contributions towards the successful conduct of the Basic Course in Medical Education [BCME].

## World Autism Awareness Day 2025: A Celebration of Neurodiversity and Inclusion

Since its designation by the United Nations General Assembly in 2007, World Autism Awareness Day (WAAD), observed annually on April 2nd, has grown into a global platform to reaffirm our commitment to the rights, dignity, and full inclusion of individuals on the autism spectrum. On April 5th, 2025, the Developmental Paediatrics Unit CMC Vellore, hosted a transformative Autism Awareness Programme, moving beyond mere awareness to foster meaningful connection and understanding.

The venue radiated with blue—the global color of autism awareness—symbolising serenity, acceptance, and solidarity. The event united students, healthcare professionals, school children, children with special needs, and their families in a vibrant celebration of reflection, learning, and creativity.

This year's global theme, “Advancing Neurodiversity and the UN Sustainable Development Goals (SDGs)”, inspired communities to embrace inclusive practices that not only empower autistic individuals but also strengthen society as a whole. The program embodied this vision through a rich tapestry of activities, including music, visual art, puppet show, multimedia presentations, and poster exhibitions.

The Chief Guest, Mr. Ramnath Rao, Founder and Managing Trustee of Able Foundation for Autism, delivered an inspiring address, emphasizing the power of community and advocacy in creating a more inclusive world.

The event also featured competitions engaging students and hospital staff, showcasing their creativity and commitment to autism advocacy. The winners were:

**3<sup>rd</sup> prize** : UG oral presentation : Mr. Juan Jacob Thomas, BPT final year.

We extend our sincere gratitude for the opportunity to participate and for enabling us to enhance the visibility of our institution.

## Retirement

**Rev. Rachita Rout** retired on 20th April 2025 after twenty-two years of dedicated, faithful ministry at Christian Medical College Vellore. In 2003, she joined the Chaplaincy as a Mission Chaplain from Blessing Youth Mission.

She did her Bachelor in Arts in the year 1985 from Utkal University, Odisha, Nursery Teacher's Training in the year 2001 from Cuttack, Odisha and Master of Divinity theological training from Madras Theological Seminary and College, Chennai, in April 2007 and was ordained as a priest from the Diocese of Cuttack, Church of North India, on 23rd March, 2008.

Rev. Rachita Rout has been faithful to the Lord's calling to provide pastoral care and affection to the patients, especially children, and nurture the staff and students of CMC during her tenure. She ministered to the sick and the suffering with compassion and care.

She started the Odia service in 2005 and the Bengali Friday fellowship in 2009 for the CMC community. Her ministry during the worship, Bible studies, retreats, and prayer sessions was a blessing to many people. She also contributed to the spiritual and emotional growth of the staff in various departments. She was available for the welfare and counselling for Nursing students and was also in charge of the Friendship Chapel for over 3 years.

Rev. Rachita Rout is married to Rev. John Bunyan Rout. They are blessed with two daughters: Mrs. Natasha Rout, a Senior Success Manager at Pluralsight, Bangalore, and Dr. Madhusmita Rout, a Researcher at the University of Oklahoma Health Sciences Center, USA.

CMC is grateful to Rev. Rachita Rout for her committed ministry and wish her God's blessings during her retirement.

## Postgraduate Admissions 2025

### Institutional Recommendation for Postgraduate Admissions 2025

Applications are invited from candidates interested in applying for Institutional Recommendation\* for broad specialty medical postgraduate courses. The application for institutional recommendation will be via an online form. The link for this application and the list of departments offering sponsorship will be made available, on the intranet page or by request from Principal's office (PG section) ([princi.pg@cmcvellore.ac.in](mailto:princi.pg@cmcvellore.ac.in)). The last date for application for institutional recommendation is **16th May 2025**.

Please note the following:

- Candidates interested in being recommended for courses must contact the respective heads of department to discuss the same.
- Candidates who ask for recommendation from a department other than the broad specialty department, must also meet with the head of the broad specialty department.
- A candidate may apply for recommendation for sponsorship for a maximum of 3 courses.
- Candidates who fulfil the following criteria may apply
  - CMC graduates who have fulfilled their service obligation. Non-minority candidates will be eligible to apply under the Institutional Preference Category.
  - Christian candidates from other institutions who have completed 2 years of work in a recognized mission hospital of which at least 6 months should have been in CMC. Christian candidates from other institutions applying for recommendation from a super specialty department and who have completed 2 years of work in a recognized mission hospital or in CMC, should have spent at least 6 months in the concerned super specialty department.
  - Christian candidates from other institutions who have worked for a minimum of 6 months (out of the 2 years) in one of the hospitals managed by the CMC Missions Department (e.g. RMH, Washim, KMF, Kotagairi) can be recommended by the Missions Department; i.e. Institutional sponsorship for Missions, even if they have not worked in CMC
  - Last date for completion of 2 years' service: **31st October 2025** (proof of completion of service must be provided with the application).
- The CMC application form for PG courses must be filled separately from the application for institutional recommendation/ sponsorship (<https://admissions.cmcvellore.ac.in/>).
- Once the online sponsorship application form is filled and supporting documents uploaded, candidates will receive a copy of the submitted form via email. A printout of this form must be submitted to the concerned recommending departments.
- **Please note that candidates being recommended for a broad specialty course by a different Department, will need to submit a copy of the application to both the sponsoring Department and the concerned parent Broad Specialty Department for approval of the sponsorship. .**
- **Please read the admission Bulletin PG 2025 (<https://admissions.cmcvellore.ac.in/>).**
- **\*Institutional Recommendation does not guarantee selection into a course, nor does it guarantee a teaching cadre. If selected, on completion of the course, sponsored candidates will be appointed to serve in any area considered appropriate by the Christian Medical College, Vellore. This could be either in the sponsoring department, other related departments or in mission hospitals of supporting bodies and Churches of the Christian Medical College Vellore Council for a duration of three years.**

Dr. Suceena Alexander  
Vice Principal (PG)
