Future and Challenges of Dialysis Technology in India - The Road to Efficient, Affordable, and Equitable Care		4:15 PM- 4:30 PM	Mr. R Akash KVG Medical College & Hospital, Mangalore
VOTE OF THANKS			

## **CMC VELLORE DIALYSIS CONCLAVE 2026**

The Second CMC Vellore Dialysis Conclave continues our mission to advance excellence in renal care.

This year's conclave aims to broaden the scope of clinical learning, research, and innovation by bringing together experts, Dialysis technologists, Nephrologists and Healthcare professionals involved in renal replacement therapy.

The event will feature sessions focusing on advanced dialysis technology, access care, adequate dialysis practices and collaborative discussions aimed at improving patient outcomes and shaping the future of renal care.

Join us as we unite to share knowledge, inspire growth, and pave the way for meaningful innovations in dialysis practice.
