WELCOME

Dear Patient/Visitor,

Welcome to the Christian Medical College (CMC), a registered voluntary, non-profit making organization and a charitable not for profit hospital. We hope your stay here will be pleasant and your recovery as speedy as possible.

From 1900 when the founder, Dr. Ida Sophia Scudder started CMC with a single bed in her father's home, to the present day, CMC has been growing both in numbers and services rendered to the people. Today, CMC serves over 2300 inpatients and 7500 outpatients daily, with 67 wards, 220 clinics each day and 144 departments / units.

As a teaching institution CMC trains doctors, nurses and allied health workers with a high degree of technical competence to serve with love and compassion in the spirit of Christ. CMC is unique in being not only one of the pioneering institutions in the country in the area of medical research and high-tech health care, but also as an institution which reaches out to the practical needs of the poor through low cost inpatient wards and outpatient clinics in the slum areas of Vellore town with concessional or free care for the most needy. In addition, through large rural health and development projects in the K.V. Kuppam, Kaniyambadi and Anaicut blocks, the wholistic concept of healing is advocated wherein rural folk are given training in various vocational fields, by which they can augment their earning power, thus enhancing their standard of living and the general physical and economic well being.

With this constant growth and expansion, patients/visitors coming for the first time to CMC may have difficulty getting around the campus and may fail, through ignorance, to take full advantage of the available facilities. Therefore, this booklet was developed to provide basic information necessary to make use of our facilities speedily, to the fullest extent and with the least inconvenience and loss of time.

Dr. Ida Scudder gave the institution the Biblical motto "Not to be ministered unto but to minister" challenging CMC's students and staff to heal and serve the needs of the whole person which today remains the most important objective of CMC.

We are located just inside the main entrance. Our friendly staff will do their best to help you.

We have a few publications about CMC. You can even hear our founder, Dr. Ida Scudder, speak !

If we can't help you directly, then we may know of someone else who can.

A SHORT HISTORY OF CMC

Christian Medical College, Vellore, is the outcome of a single woman's obedience to God's call. In 1890, Ida Sophia Scudder, founder of this institution, then a school-girl, was visiting her missionary parents in South India. One eventful night she was asked to help three young women from different families struggling in difficult childbirth. Being without training at that time, Ida herself could do nothing. She offered the help of her missionary father, who was also a medical doctor. However, to her amazement, the men responded saying, "What! Take a man into my house to care for my wife? It is better that she should die than another man should look upon her face." Custom prevented them from accepting the help of a male doctor. The next morning Ida found out that all the three women had died. She believed that it was a calling and a challenge set before her by God to begin a ministry to the health needs of the people of India, particularly women and children.

Consequently, she went back to America, entered medical training and in 1899 graduated from Cornell University Medical College and was among its first group of women students.

Ida returned to India in 1900 and opened a one-bed clinic in Vellore. In 1902, she built the 40-bed Mary Taber Schell Memorial Centre for women and children, named after the donor's wife. The original site is now CMC's Ophthalmology Department. The main campus moved to the present site in the Thottapalayam area of Vellore in 1924 and treatment was extended to the whole family.

Early in her career, Dr. Ida Scudder realised that the women of India themselves should be trained to help in medical work. She started a school for women nurses in 1909 which was upgraded to a College of Nursing in 1946. A training programme for women doctors began in 1918 which was raised to MBBS level in 1942 and men students were admitted in 1947. Today CMC offers

163 recognized training programmes for both women and men in allied health, nursing and medical fields.

CMC has been given a five star rating by the National Assessment and Accreditation Council, an autonomous institution of the University Grants Commission, for the quality of its education. In honour of its work in the health care sector the institution received the National Citizen's Award. CMC has been categorized as a super speciality teaching hospital of the highest quality and assigned the A1 grading by the Investment Information and Credit Rating Agency (ICRA) Ltd. CMC is NABH accredited and has been awarded 'Asia's Best Private Educational Institute in Medical Category' by KPMG and World Consulting & Research Corporation.

Throughout its history CMC has taken up each new task in response to Christ's command. In the words of our founder, Dr. Ida Sophia Scudder, "We thank God for the way in which He has led us in the past and we look forward to an even greater future. We need those who can take up the torch of life and carry on and make Vellore Medical College one of the outstanding medical institutions today and, shall I say, in the world. We need your love and prayers and help as never before." Today the vision of Aunt Ida, as she was popularly known, has come to fruition.

THE MAIN HOSPITAL CAMPUS:

In accordance with the vision of the founder, CMC has, through the last many decades, through sheer hard work, prayer and dedication evolved into one of the pioneering institutions in specialized medical care rendering invaluable service to large number of patients from every state in India and neighbouring countries in the spirit of Jesus Christ.

CMC located on Ida Scudder Road, in the heart of Vellore town, is a large **2210** (average bed) hospital with **144 specialized departments/units**. The various consultants and the days they conduct outpatient clinics are listed from page 87.

Being a referral hospital CMC is in a position to provide specialized medical care to patients requiring treatment in more than one area / ailment / disease. This is due to the unique availability of all the specialized departments/units under one roof and due to the existence of close understanding and harmony amongst these departments.

Moreover CMC has a system by which it gives exposure to all consultants by periodically sending them for various national/international conferences, symposiums and specialized training overseas to acquire the latest knowledge and skills in their respective areas so that they can provide high quality medical service to all patients coming to the institution.

ISSCC FOR WOMEN & CHILDREN

The Ida S. Scudder Centenary Center for Women and Children houses the departments of Obstetrics & Gynaecology, Reproductive Medicine, Child Health, Neonatology, Paediatric Surgery and Developmental Paediatrics. There are **424** beds for in-patient care in this facility.

PERIPHERAL FACILITIES

In addition to the main campus on Ida Scudder Road, there are a number of peripheral facilities which are also departments of CMC.

Shalom Family Medicine Centre at CDC

The Shalom Family Medicine center at CDC, Sathuvachari brings the services of CMC exclusively to the people of Vellore. It functions under the department of Family Medicine and is aimed to bring back the concept of a family doctor for every family. Doctors trained in the specialty of family medicine will provide comprehensive care for 90% of the health issues of all the members of a family along with referral to other specialists and coordination of care when required.

The services will included management of common health problems for all age groups from new born children to the elderly.

It has a blood collection area for sending samples to the main hospital lab, a pharmacy and a treatment room for minor procedures, dressings and ECG.

With electronic medical records, the doctors in the centre have access to all the records of the patients in the main hospital and the records of patients made in the centre will also be available for the doctors in the main hospital when needed. With its focus on patient-centred medicine and continuity of care, the centre is your point of care for all the members of your family with your personal family physician.

It will function from 8 am to 3 pm from Monday to Friday.

EMERGENCIES

(A) Accident & Emergency Medicine

The Accident & Emergency Department is open 24 hours for acutely ill patients who arrive at CMC after regular clinic hours needing immediate care. The triage nurse will assess the patient and issue permission slip for registration. **ALL PATIENTS MUST REGISTER AT THE CASUALTY COUNTER PAYING Rs.370/-.**

Counters are available to pay for emergency investigations and drugs at the Emergency Department.

(B) Paediatric Casualty

The Paediatric Casualty department in the ISSCC is open 24 hours and treats children who are brought after regular clinic hours and requiring immediate care. **THEY SHOULD REGISTER AT THE CASUALTY COUNTER OR COUNTER NO.15 in ISSCC Building** paying Rs.370/- after getting permission slip from Paediatric Casualty.

Counter No.15 in ISSCC is open for registration upto 12.00 midnight. Thereafter registration can be made at the counter No.3 next to the Accident & Emergency Department.

(C) CHEST PAIN UNIT

Patients with chest pain should go directly to Emergency Department situated at the main campus.

ESTIMATION OF COST

If you would like to know the approximate cost of your treatment write directly to the Head of the concerned department or unit. It is **advisable to estimate your total cost before coming here.** The expenses will possibly include charges for such items as registration, revisits, tests,

Unnecessary injections will not cure you

investigations, medicine, diet, theatre, anaesthesia, blood, oxygen, bed and nursing, radiation therapy, physiotherapy and occupational therapy, whenever these are advised by the doctor.

Your total cost will depend on the choices you make, whether you wish to be seen as a general patient or a private patient; whether you choose a private, semi-private or general bed as an in-patient.

Patients who require open-heart surgery, kidney transplant, dialysis and other highly specialized procedures, **should obtain an estimated cost of such procedures from their doctors before arriving at Vellore.** Such patients should generate funds from their own contacts. However, some economically backward patients have been able to collect money from sources like Prime Minister's relief fund, Chief Minister's relief fund, various charity organizations and appeals in news-papers for expensive treatment.

Another important factor that will affect the total cost is the length of admission which is determined by your illness and the subsequent treatment. Though doctors will give you information as to the approximate duration of hospitalization, it is sometimes difficult to give an accurate estimation as it will, depend primarily on your condition, the number of investigations and consultations required before treatment and how well you respond to the treatment given.

Apart from the above, there will be other costs incurred such as boarding and lodging. It is wise to budget for all the above and to provide for sufficient reserve. It is important to keep in mind that specialized treatment is expensive and takes time.

REFERRALS

If you are referred to another department for opinion/treatment, the option is available to you to be seen either as a General or Private patient. If you choose to be a General patient and the clinic you are referred to is on the same day, contact the MRO of that clinic for an appointment.

However, if the clinic you are referred to is on another day, you have to pay Rs.160/- for a General patient at payment counters showing the referral slip. If you do not show the referral slip your chart will be sent to your previous clinic.

To see a consultant get an appointment by making a payment of Rs.840/- at Silver Gate (Private Patient Facility) Room No.600. Monday - Saturday between 1.00 pm to 6.00 p.m.

SAFETY OF YOUR REGISTRATION CARD

The registration card (Hospital Number Card) issued to you is an important document. Please retain it carefully. To obtain a duplicate registration number card contact G-31/G-32 (Supervisor counter) in the ground floor of ISSCC building. Your Hospital number card is mandatory. **Do not register for a new card** as this is expensive and time consuming for you and us.

OUT-PATIENT CLINICS

On reaching the appropriate out-patient clinic, submit the appointment slip to the MRO, please be seated in the waiting hall. When your medical chart reaches the clinic, the MRO in the hall will call your name. On producing the payment slip which you had obtained during registration, the MRO will send your chart to one of the doctors. If you have registered as a Private patient, your chart will go to

a consultant or his/ her approved assistant. Your name will be called out when your turn comes and you will be seen by the doctor. Report to MRO according to your reporting time.

When you meet with your doctor feel free to discuss all your health problems with him/her, giving all relevant information about your sickness and follow the advice given.

If the doctor decides to have some clinical tests done, such as examination of blood, urine, stool etc., you will be issued the required forms. The steps to be followed are described below under the heading **“Tests and Investigations”**.

If the doctor decides to put you on treatment, you will be given prescription slips for purchase of medicine/injections and/ or treatment procedures. Steps to be followed are given below.

If the doctor decides to admit you as an inpatient, he/she will give you an admission order. The steps to be followed then are given below.

If the doctor decides on any other course of action, he/she will explain the details to you.

PAYMENT FOR TESTS & INVESTIGATIONS

After obtaining the lab requisition master slip from the doctor, proceed for the payment and then for the appropriate tests/ investigations.

Investigation payments can be made at all payment counters (except pharmacy counters) in the ground floor of the OPD building and ISSCC from 6.30 am to 8.30 pm. You can pay for the next days investigations in the evening itself. In the OPD block, each floor has a payment counter.

ONLINE PAYMENTS FOR INVESTIGATIONS/TESTS

- Please write your hospital number and department when you correspond, in case you have not received your medical report.

IN-PATIENT SERVICES

ADMISSIONS

All admissions are made only on the advice of the doctors. If the doctor feels you require admission he/she will give you an admission slip which indicates the amount you will have to pay in advance.

The admission procedure varies slightly depending upon whether the patient seeks admission in general ward or private ward.

All clinical departments have wards attached to them. All these wards have few semi-private rooms. At the time of

admission patient must indicate their preference for general, private or semi-private room.

Inpatients Advance scheme:

The Inpatient advance scheme is an online facility for patients to pay for the advance online. Patients wanting to pay advance online can inform their doctor to prescribe their advance online, after which the patient can login to their account using their hospital number and password as follows

www.cmch-vellore.edu -> A Patient? -> Other Online services -> Online payments -> Login -> Payments -> Lab order -> Select the advance amount prescribed by the doctor -> Proceed to pay online

GENERAL WARD ADMISSIONS

i) After making the necessary payment you will have to take the admission slip to the ward and show it to the wardsister who will confirm your admission.

PRIVATE WARD ADMISSIONS

i) The private wards are A Block, 'O' block.

ii) Take your admission slip to the CBMO, No.619 on the ground floor of the main building where your admission will be confirmed after payment.

iii) At this office you will be allotted your bed as and when your turn comes. This is because there is a demand for private rooms and a waiting period of a few days or even weeks may become necessary. You are expected to keep checking with this office periodically.

iv) When your turn comes, your admission order slip will be endorsed. You should take this slip to the concerned ward

where the necessary files will be prepared and you will be admitted.

MATERNITY PATIENT ADMISSIONS

- i) Maternity patients **in labour can go straight to the labour room** in the ISSCC.
- ii) They need not wait to complete admission formalities.

AT THE TIME OF ADMISSION PATIENTS MUST KEEP IN MIND THAT :

- 1. All admissions are made only on the advice of the doctors and not at the request of patients.
- 2. Routine admissions are made between 8.00 a.m. and 4.00 p.m.
- 3. Emergency admissions are made at all times.
- 4. General, semi-private and private beds/rooms are available at varying costs. For details of room/bed charges refer to page 51. It is important to note that the charge is only for the room/bed and does not include other costs which will depend on the type of bed facility available i.e. private, semi-private or general.

ASSISTANCE PROVIDED BY THE PUBLIC RELATIONS DEPARTMENT

This department, centrally located at the main entrance of CMC, provides general information, publications about the Institution, guidance, assistance and subsidized accommodation for very poor patients. During your stay at CMC there may be instances when you face various problems for which you require assistance. In all such situations you are requested to feel free to meet the Public Relations Officer who will help you.

Main Reception

This is situated at the entrance and provides assistance 24 hours. The staff at the reception will help you locate inpatients, and guide you to various departments. The Official Guide to CMC is available here.

Information about CMC Main Campus

Patients / relatives / visitors wanting to know more about the Institution, its objectives, values, what it stands for, programmes, departments, historical background and publications are welcome to meet the P.R.O. For individuals and small groups who are genuinely interested in CMC and its work, arrangements can be made for them to have a tour of the campus, with prior appointments.

Friends of CMC Vellore

Friends of CMC Vellore is a network of benevolent people, interested in the work of CMC. Visitors, patients and relatives are welcome to join the FOV organization. Membership is free. Just fill in the form on the last page of this book and give to the Development Office or any

of the Reception Counters. We will put you on our mailing list and send you our newsletter, featuring new developments and opportunities for sharing in our charitable projects. The Friends group is a source of encouragement and support. The FOV membership does not entail any special privileges or concessions for patients or relatives. But by becoming a friend, we hope, you will support and promote our work among the poor and the marginalized.

Donations

Those who are committed to the cause of the Institution and would like to support it by making a donation in cash or kind are requested to enquire for details from the department. For further information on this see page 79.

Suggestions

When you feel you have a valuable suggestion pertaining to any area of the Institution which could improve our working system, kindly meet the P.R.O. with such suggestions. Your suggestions will be forwarded to the appropriate department and if found feasible, will be implemented. We need your suggestions to help us serve you better.

Lost and Found articles

While patients are asked not to bring costly articles, in the event of losing any items, they are requested to check at the Public Relations Department. On the contrary if patients/attendants happen to find a costly article, they are requested to bring it to the Public Relations Officer who will try to locate the owner.

ACCOMMODATION

The CMC Annexe in Sathuvachari, provides accommodation for patients and relatives who might have to stay here for a long time. All rooms are double bedded

with attached bath. Hot water is supplied on request. There is heavy demand for this facility in order to be sure of your accommodation, write, preferably 6 weeks in advance to the Manager, CMC. Annexe, C.M.C.(Town campus),Vellore - 632 004, stating when (specify date) it is required. If accommodation is available intimation will be sent to you through a confirmation card. BANKING SERVICES

Branches of various nationalised banks are located on Ida Scudder Road opposite to the main campus. They are the Central Bank of India, State Bank of India (Vellore Town Branch) Code 1618 and the State Bank of Travancore. A branch of the Central Bank of India operates in the main campus. When you are in CMC you may require additional money which you would like to bring from your home town. Take an uncrossed Demand Draft in favour of your attendant Payable at SBI, Vellore Town or Central Bank of India, Vellore. If the amount exceeds Rs.20,000, your D/D will automatically become account payee. If you require an introduction to open an account for encashing the Demand Draft, kindly contact the Public Relations Officer. ATM facility is available for SBI and CBI inside the campus.

THE CHAPLAINCY

Spiritual and pastoral care are offered to all patients and their families by Chaplaincy. It is located on the ground floor of the main hospital building near the Chapel. CMC believes that at the heart of all its health care, spiritual health forms a unity with physical and mental health. Therefore, ministering to the spiritual needs of patients and their relatives is seen as an integral part of the healing process.

Chaplaincy encourages all staff to demonstrate through their work that faith is a necessary component of healing. The chaplains bear a special responsibility for this aspect of health care. The chaplains try to visit every patient and offer help, prayer, counselling, etc., according to the need, irrespective of the language and religion. A chaplain can be called to service at any time either by notifying the ward sister or contacting the **Chaplaincy by phone on 0416-2282016**. Upon the request of the patient the Holy Communion will be administered at the patient's bedside.

The Chapel which is located in the centre of the building - immediately inside the front door, is kept open round the clock inviting patients and visitors of all faiths to pray and worship at any time and to attend services that are being held daily at the following timings:

Monday - Saturday : 7:00 am - Morning devotion

First day of every month : 6:45 am - Holy Communion Service

After Life Services

CMC's mission constitutes patient care, education and research. We aim at compassionate care right from the time a patient arrives at the doorstep of our hospital till the patient and the family leave us. If a patient dies it is our responsibility to reach out to the bereaved family and help them. The staff of the Public Relations Department will help the bereaved family members in all possible ways to cope with their loss and co-ordinate the after life services. They will assist in obtaining all required documents, in cremation, arranging for burial if needed or make arrangements for transporting the body home. **This service will be made available round the clock and we request the family to inform the main reception in the event of death.**

BURIAL AND CREMATION CHRISTIAN BURIAL

The deceased family who wishes to have the burial of their loved ones, at the government cemetery may contact the Chaplaincy Department for necessary arrangements. Poor christian patients who are unable to pay for the burial can be buried at the "free" burial ground meant for Christians.

PROCEDURE FOR BODY TO BE TAKEN BY ROAD / BY TRAIN / BY PLANE

- (1) Bills for hospitalisation should be settled.
- (2) To obtain death, embalming, police clearance and undertaker's sealing certificates which are required, contact the ALS staff at the Main Reception.
- (3) The ALS staff will help with transport arrangements for the family to take the body home.

DONATIONS

Some of the patients who are grateful for the care and healing received at CMC Vellore make donations to support the work of the College and Hospital. Donations of all sizes are welcome. Make your cheque or demand draft payable to CMC Vellore Association. All donations to CMC are eligible for income tax exemption, under 80G of the Income Tax Act. This allows you to deduct 50% of the donation from your taxable income, up to 10% of total income for the financial year. We will send you a receipt with IT exemption certificate to enable you to make the claim.

Every day thousands of suffering people come to CMC for healing. Many of them cannot pay for the treatment that they need. CMC tries its best to provide concessional or free care to the poor. But our resources are limited and the need is much more. Kind friends enable us to do far more than is possible from our own funds. Some contribute to buy equipment, others give for the special needs in the unit under which they were treated. Many people are keen to support the care of very poor patients coming for treatment.

The **Person To Person Fund** enables us to give small grants to several patients, requiring inpatient care. The donor will be sent a report about the particular patient, chosen to benefit from the donation given.

The **Emergency Fund** gives larger grants to people in need of expensive life-saving surgery or medical treatment urgently.

The **Centenary Endowment Fund** invests contributions and uses the interest to provide up to Rs. 2,00,000/- to patients needing expensive cardiac surgery or other similar hi- tech procedures.

For further information about CMC and to join the Friends of CMC Vellore network, please see page 86.

Christmas Cheer Fund for gifts to children in the ward, orphans, destitutes, poor and marginalised of Vellore to be given at Christmas time.

Nursing Service Special Fund used for amenities for nurses, in service training and conferences, books etc.

Scholarships for students in CMC's Allied Health, Nursing and Medical Training Programme.

A fund that is administered by the Child Health Department for poor patients.

A Special fund for the support of the Low Cost Effective Care unit which provides free medical treatment to the local poor, including outpatient and inpatient care.

A general fund for poor patients who are not able to be helped by any of these other funds.

For details of these and other opportunities for giving to CMC please contact the Public Relations Office, the Development Office, the ward or departmental sister or your doctor. Please give the donation either to the Public Relations Office or in the Development Office, and take a receipt.

YOU CAN DONATE MATERIALS IN KIND for adding to patient comfort and convenience in the ward/ waiting halls etc. Items such as electric fans, folding chairs, and such other utility items, will always be needed. Assistance and advice regarding this can be had from the Public Relations Office.

DONATE BLOOD

CMC depends entirely on patient's relatives and volunteers for their blood requirements. When you meet your doctor discuss the blood requirements for your treatment or surgery. Your relatives can donate blood into the blood bank at any time, even if it is much before your scheduled date of surgery, Blood Bank will credit it in your patient. However, if unexpected emergencies arise there might be rare instances where Blood Bank might not be able to provide blood despite your donation. However, maximum effort will be made to see that this does not happen. Most of the time, unless blood bank is facing an acute shortage of a particular blood group, donations do not have to be group specific. Blood bank welcomes volunteer donors at any time.

CMC eMeDS

(CMC electronic Medicine Delivery System)

CMC Vellore has initiated a valuable service to send medicines to its patients by Post (or) Courier based on their doctor's online prescription. This service is primarily meant for patients on chronic medications, and those using the teleconsultation facility in the hospital.

The process involved to avail this facility:

1. Online Prescriptions will be raised by the treating doctor through Teleconsultation (or) Physical Consultation (or) through Phone/Mail Consultation.

2. To begin the process of receiving the medicines, patient should use computer or smartphone with internet and search for the website titled 'clin.cmcvellore.ac.in'
3. Once this website is displayed, enter into the Patient Portal by using Patient Hospital Number as ID and year of birth as password.
4. On entry, the portal will show three icons namely Appointment, Payments and eMEDS (Medicine Delivery System).
5. If the patient would like CMC to send their medicines by post (or) courier, they should select the icon titled 'eMeDS' (Medicine Delivery System).
6. After entering into the eMeDS page, patient need to select their pending prescriptions by clicking into the boxes alongside and then press the Pay button.
7. They then need to select the delivery address which may already be in the systems (based on chart information). If they wish to send to a new address, they can add the new address and choose that by pressing the Deliver to this Address.
8. After accepting the Terms & Conditions, they need to press Proceed.
9. Then patient should select the Payment Mode (Credit Card/ Debit Card, Net Banking). After selecting, they can choose the payment options and proceed to pay.
10. After the payment, patient will get the payment details as message.
11. Then the Pharmacy will pack and send your medicines through Speed Post (or) Courier and will provide tracking number to the registered mobile.
12. If there are any clarifications, patient can contact the CMC Call centre by emailing emeds@cmcvellore.ac.in or use whatsapp to 7708110882
