May the God of hope fill you with all joy and peace as you trust in him, so that you may overflow with hope by the power of the Holy Spirit.- Romans 15:13

A Tribute to Dr. Ashish Kumar Gupta

After more than three decades at Christian Medical College Vellore Dr. Ashish Kumar Gupta reached superannuation this year, closing one of the longest and steadiest chapters in the history of the Department of Plastic, Reconstructive and Aesthetic Surgery. He leaves behind a legacy. Dr. Gupta's story begins with a young boy from Kanpur who had set his heart on medicine. He completed his MBBS at G.S.V.M. Medical College in 1984 and his MS in General Surgery in 1988, laying the foundation for the career he had long envisioned for himself. His first brush with Vellore came soon after, when he joined CMC as a Registrar in 1990, and it was here that his love for plastic surgery first took hold. He travelled back north to CMC Ludhiana to specialise further, graduating with his M. Ch in Plastic Surgery in 1995, but by then Vellore had already claimed a part of him. Settling there for good in 1996 as Lecturer and Assistant Professor meant a genuine cultural shift. It brought a different language, a different climate, and an altogether different rhythm of life from the one he had grown up in. It took courage and no small amount of tenacity to make that leap. What carried him through was his conviction that plastic surgery, practised well, could genuinely transform patients' lives, and his determination to help grow the department into a true centre of academic excellence. A boy from the North had, in every sense that mattered, become a son of the South.

125 Years of CMC Vellore 1900-2025

DID YOU
KNOW?

Dr. Ida's vision and commitment extended far beyond the hospital and its campuses. In addition to overseeing the construction of buildings at CMC and its other locations, she was instrumental in establishing the Ladies' Recreation Club, the Child Welfare Centre, and Dodd Manor in Kotagiri—initiatives that extended her service and impact to Vellore and other communities beyond the hospital.

He went on to become Associate Professor in 2002 and Professor in 2006, a position he has held for two decades since. Along the way, he built a body of academic work spanning more than 95 peer-reviewed publications in leading national and international journals. His work ranged from burns management and craniofacial, trauma to microsurgical flap techniques and reconstructive urology, abdominal wall reconstruction, proof of a career sculpted by vast experience.

Numbers, though, only tell part of the story. There were periods when the department felt unmoored, when colleagues and students continued their paths in distinct parts of the nation, he stayed a constant. In many ways, he was the one thread that held the department together, giving it the stability from which everything that followed could be built. His contributions extended beyond clinical and academic work as well. In 2016, he was part of the organising committee for TANPAPS, one of many quiet efforts made outside the operating room. He also served on several occasions as an examiner for both DNB and M.Ch candidates, contributing to the training and assessment of the next generation of surgeons.

Ask his students, and the conversation turns quickly to something less tangible: his knowledge, and how readily he shared it. Generations of trainees remember him treating the operating room itself as a classroom, teaching precision, patience, and ethics by example rather than instruction, and being still approachable long after most professors would have called the teaching day done. His surgeries felt like a live orchestra where surgical steps found a rhythm through sir humming to the tunes of kishor kumar playing in the background.

Despite his own distinguished stature, he has still been deeply reverential towards his own teachers, reminding every generation that true greatness is inseparable from gratitude. That impact came full circle when former students organised a reunion to mark his career, drawing back trainees from across the years. They returned not for a conference or a case discussion, but simply to celebrate him and to tell him, in person, what his years of teaching had meant to them. This marks a great accomplishment as a guide and a mentor.

If one phrase captures how he is remembered above all, it is his enduring insistence that surgery, for all its complexity, be kept simple. He was known for invoking what he called the KISS principle, "Keep It Simple and Stupid". For him, it was not a shortcut but a discipline, a reminder that the most elegant surgical solution is rarely the most complicated one. It is a lesson that continues to shape how his students approach their own patients today.

Colleagues who know him outside the department will tell you the same steadiness carries over at home. He is a doting father and a wonderful husband. His son, Dr. Ananya Gupta, is following him into surgery and is currently training in General Surgery at Kilpauk Medical College, Chennai. His wife, Dr. Ratna Prabha, serves as Professor in CMC's Department of Pharmacology & Clinical Pharmacology. He is also an excellent artist, and his home bears quiet testimony to that gift, filled with sketches of film stars and members of his family. In many ways, his three decades here have been a family affair.

As Dr. Ashish Kumar Gupta closes this chapter, the Department of Plastic, Reconstructive and Aesthetic Surgery carries forward a foundation he helped lay, patient by patient and student by student. His life has been a faithful embodiment of CMC's enduring values service before self, integrity without compromise, academic excellence, and compassion for the suffering. To him, and to the family that shared him so generously with all of us over the years, we extend our heartfelt gratitude and warmest wishes for the years ahead.

Events from the Department of Forensic Medicine and Toxicology

The Department of Forensic Medicine and Toxicology hosted two inaugural events in September 2026, drawing enthusiastic participation from students. On 4th September, the department conducted its first intramural forensic workshop, "Coroner's Casebook." External resource persons from PGI Chandigarh, AIIMS Madurai and Nandha Medical College, Erode, led hands-on stations covering injury assessment, skeletal remains, and sexual violence survivor examination. MBBS and nursing students took part with keen interest, and the workshop was very well received. Additionally, fetal autopsy workshop was attended by Postgraduates of Pathology department. The following day; 5th September, the department held its first National Forensic Quiz, "Toxic InQUIZition," for undergraduates and interns of medical colleges across India, at the New Examination Hall, Bagayam. Despite coinciding with a busy examination period, more than 20 teams registered from Karnataka, Puducherry, Kerala, and Tamil Nadu. Dr. Deepak Vinod Francis (Professor, Department of Anatomy, and Vice-Principal, UG) and Dr. Noel Walter (Former Head, Department of Forensic Medicine) graced the occasion.

The results of the quiz were as follows:

Winners: Adhvaith R Moorthy & Tulasi Satya Sriharsha, Christian Medical College Vellore

Runners-up: Varsha Maurya & Ganapathy Subramanian V, Aarupadai Veedu Medical College & Hospital, Puducherry

Third place: Kishore Kumar V G & Haris Jaya Chezian J, Nandha Medical College, Erode.

World Suicide Prevention Week 2026 Theme: Changing the Narrative on Suicide

Suicide Prevention Pledge

"You are the salt of the earth... You are the light of the world"- Matthew 5:13-14

A reminder of our calling to preserve hope and shine light for those struggling in darkness.

The Youth Red Cross Unit, College of Nursing, CMC Vellore, organised a Suicide Prevention Pledge Programme on 14 September 2026, as part of the mandated programme to nurture a caring and supportive environment where individuals feel safe to share their concerns and seek help.

The programme began with a brief introduction, followed by an address by Dr. Shandhila Gnanatheebam, Dean, College of Nursing, who emphasised the need to care for those in need, recognise the value of every life, and take responsibility for supporting and saving lives.

Mrs. Shalini Getsy, YRC Programme Officer, administered the Suicide Prevention Pledge. As a symbol of hope, care and solidarity, **orange-yellow ribbon bows** adorned with rose flowers were distributed to all participants. Staff and community members took the pledge together to promote hope, compassion and suicide prevention. Mrs. Jothy Priya, Staff Advisor, Youth Red Cross, delivered the Vote of Thanks expressing gratitude to the Dean, staff and participants. The programme concluded with staff and community members signing the Suicide Prevention Pledge Board, symbolising collective commitment to active listening, and compassionate caring to those in distress towards preventing suicide.

Patient Friendly Awards - Chittoor Campus

The Patient Friendly Awards 2025 were presented to OPDs, Wards and OPD nursing teams by the Quality Management Cell under the Directorate, based on patient feedback received from outpatients and inpatients during the period January to December 2025. The ceremony was held at the Patient Waiting Area (Adjacent to Chapel), Chittoor Campus on 2nd of September 2026. The event began with a prayer by Rev. Kummaragunta Ajay. Dr. Jesu Krupa, Ag. Deputy Director (Quality), delivered the welcome address, Dr. Biju George, Director, felicitated the event and Mr. Benjamin Jebakumar M, Jr. Administrative Assistant, QMC, presented the feedback report and award criteria. Mr. Samson Godson Doss, GM Officer, announced the awards. The awards were presented to the winners by Dr. Biju George, Director.

Award Winners

Patient Friendly – OPD

Most Patient friendly OPD - General - Winner: Chittoor Child Health

Patient friendly OPD – General - Runner Up: Chittoor Medicine

Patient friendly OPD – General – 2 Runner Up: Chittoor Dental & Chittoor PMR.

Patient Friendly - Ward

Most Patient friendly Ward – General - Winner: Surgery Ward.

Patient Friendly - OPD Nursing team

Most Patient friendly OPD Nursing Team – General - Winner: North OPD.

Patient-Friendly Awards 2025 – Chittoor Campus

1st Asia Pacific (APAC) Histocompatibility and Transplant Immunology Hybrid Training Programme

The Division of HLA & Immunogenetics, Department of Immunohaematology & Blood Transfusion, conducted the 1st Asia Pacific (APAC) Histocompatibility and Transplant Immunology Hybrid Training Programme from 10th to 21st August 2026. It was attended by participants, including doctors and laboratory technologists from Sri Lanka, Cambodia, Malaysia, Vietnam, and India. The programme included online training modules covering core aspects of transplant immunology, followed by a week-long hands-on training programme conducted by the HLA laboratory, CMC Vellore. The participants were exposed to different platforms for crossmatching and HLA typing in both solid-organ and stem-cell transplant settings, including third-generation sequencing.

Furthermore, a wide variety of case-based discussions fostered highly impactful and engaging collaborative learning among participants. Dr. Dolly Daniel (Training Coordinator), along with faculty Drs. Nitty Mathews, Tulasi Geevar, Gayathiri K C, Divya M, Sujitha Kannan, and HLA laboratory technologists served as the resource persons. The two-week-long programme concluded with a CME on Transplant Immunology on 22nd August in Chennai, which was attended by over 100 delegates and covered a range of topics, from haematopoietic stem cell transplant to renal transplant, and HLA associations with other disease conditions and drug hypersensitivity. Eminent invited speakers and intramural faculty from CMC delivered impactful talks and participated in panel discussions, fostering a rich exchange of knowledge that provided attendees with highly relevant tools for their daily practice. We thank God for His blessings on the successful conduct of this programme.

The Short Course 'On Chemotherapy' for Nurses

The Departments of Haematology, Medical Oncology & Medical Surgical Nursing speciality XI (Haemato-oncology Nursing), along with the Continuing Professional Advancement & Blended Learning Cell, conducted their 9th batch of the short course in Chemotherapy for nurses between August 10th and 6th September, 2026.

A total of 5 trainees underwent the programme: 2 from Meenakshi Mission Hospital & Research Centre, Madurai, and 3 from CMC Vellore, who were trained through this 4-week, on-site programme and posted in the concerned clinical areas of CMC Vellore. This course is designed to prepare registered nurses with specialised knowledge, skills, and competence in providing Chemotherapy to patients battling cancer. It also aims to equip them to educate, train, and counsel patients and caregivers on various aspects of Chemotherapy. The course consisted of 60 hours of theory and 120 hours of practicals, where the participants learnt about the various types of chemotherapeutic drugs, indications, side effects and management of complications. They had hands-on training on the preparation, calculation of dose, loading and safe administration of chemotherapeutic drugs under supervision. They were evaluated based on their performance in the theory, practical and OSCE examinations, and their performance was outstanding. The trainees expressed a high level of satisfaction with the course.

Basic Course in Medical Education [BCME] for affiliated medical college

The National Medical Commission's 20th Basic Course in Medical Education [BCME] was conducted for Deans/Curriculum committee Members/MEU Resource Person of the affiliated Medical Colleges from 7th – 9th September 2026 in the Nodal Centre, Medical Education Department (MED), CMC Vellore. We had thirty participants (11 Professors, 8 Associate Professor & 11 Assistant Professors) benefiting from this course. The objectives of this programme was to sensitise the participants to understand the Principles of learning, frame specific learning objectives for a competency, enumerate various interactive learning methods in a large group or a small group, choose the right assessment method for the competency, give timely feedback to the students and to apply innovative methods in teaching & assessment of AETCOM (Attitude Ethics and Communication) modules. Dr. Margret Shanthi F. X. started the day with a word of prayer & welcomed the members present. Resource persons from various departments in CMC, Vellore facilitated the most active sessions and Dr. Prakash S.S., proposed the Vote of thanks on the third day. The Medical Education Department gratefully thanks, Dr. Margaret Shanthi F. X., Dr. Surekha V., Dr. Sowmya Sathyendra, Dr. Tripti Meriel Jacob, Dr. Vinod Joseph Abraham, Dr. Sathishkumar T., Dr. Vinay Timothy Oommen, Dr. Prakash S. S., Dr. Supraja Srivatsava, Dr. Sam Marconi, Dr. Emily Divya Ebenezer, Dr. Latif Rajesh Johnson and Dr. Premila Magdalene Wilfred for all their contributions towards the successful conduct of the Basic Course in Medical Education [BCME].

Special Prayers: September 20 -26, 2026

Pharmacy Service : Dr. Ronald Albert Benton Carey and Staff

Pharmacology &

Clinical Pharmacology : Dr. Margaret Shanthi and Staff

Reynolds Memorial Hospital, Washim

Samavesam of Telugu Baptist Churches

Council Members : Dr. Devaraj Voola and Rev. Dr. G.D.D. Diwakar

Reformed Church in America

Evangelical Lutheran Church in America

Dr. Nihal Thomas delivered an Oration on "The Differential Diagnosis of Diabetes in the Young and Lean in South Asia- How Environment, Genes and Undernutrition Make a Difference."

Retirements

Mr. I. Maria Joseph, Sr. Sel. Gr. Technician, Department of Clinical Microbiology retired on 27th March, 2026 after 35 years of dedicated service to the institution.

Mr. Joseph was a part of "Sterile media - materials and decontamination" division of the laboratory and his expertise was in the preparation of culture & biochemical media, and raising antisera for rapid & specific identification of pathogenic organisms from culture.

He served as the Senior Supervisor for Technicians & HKA from 2011 to 2016.

His dedication & integrity at work was greatly appreciated.

His wife is a teacher and they have 3 sons. The Eldest son Mr.J. Annish works in Canada, second son Mr. Rozario works in Personnel Office and their youngest son Mr. Abishek is a 4th year student in Prosthetics & Orthotics department (Batch 2022).

The department is thankful for his sincere and dedicated service and wishes him a peaceful, healthy retired life.

Mr. N. Ravi, Sr. Sel. Gr. II Pharmacist, Department of Pharmacy, retired on 13th August, 2026 after 29 years of dedicated service to the institution.

Mr. Ravi's father, the late Mr. Nesan, worked in the YWCA canteen, and his mother, Mrs. Santha Nesan, is a house wife. After completing his higher secondary studies, he joined Diploma in Pharmacy course at CMC in the year of 1985. After completing his studies he joined CSI Vandavasi Hospital to do his bond from 1986 to 1988. After completing the service obligation he joined CMC in the year 1988 and worked until 1992. After a break, he rejoined CMC in 1997 as a Pharmacist.

During his tenure, he has worked in Main Pharmacy, OR Pharmacy, Ward Pharmacy, OP Pharmacy, and MHC Pharmacy from 1997 to 2026, and served as the In-charge of MHC Pharmacy from 2002 to till his retirement.

Mr. Ravi is known for his diligent supervisory role, hard work, and dedication. He always makes sure that everybody works according to their schedule. He spoke humbly to patients and colleagues and led by example by doing as many prescriptions as possible. He was instrumental in establishing the new, spacious MHC Pharmacy at its new location in 2014. He is a God-fearing, efficient, dedicated, and well-organized person.

Mr. Ravi also serves as a catechist in CSI West Palar Church, Vellore, and also holds other responsibilities.

Mr. Ravi's wife, Mrs. Rani Evangeline, is a B.T. Assistant Mathematics teacher and works at VRV Higher Secondary School, Ranipet. His son, Mr. Jahin Immanuel and daughter-in-law,

Mrs. Herriet Portia are nursing professionals. His daughter, Ms. Johanna, studies in the 11th Standard.

The CMC community is thankful to Mr. Ravi for his 29 years of excellent and dedicated service to God and the institution. We wish him and his family God's abundant blessings in the years to come.

Obituaries

- Demise of **Dr. G. Wilfred**, retired Professor of Biochemistry on 11th September, 2026. Let us uphold his wife, Charlotte, his children Neeta and Premila, and all the bereaved members of the family in our prayers.
- Demise of **Mrs. Mageswari P**, Hospital Housekeeping Attendant Gr.II, Relief Pool, 22 years of experience in our Institution on 18th September, 2026. Let us uphold her husband Mr. Anandan, Elder son Mr. Vinoth, Younger Son Mr. Venkatesan, Anaesthesia Technician, CMC and Daughter Ms. Lakshmi, HHKA in Paul Brand Building and all the bereaved members of the family in our prayers.

<https://clin.cmcvellore.ac.in/cmccapp/listapplication.aspx>

Vacancies under the Principal's Office - for queries, contact the mentioned office

1. Senior Resident / Assistant Physician / Associate Physician for the Distance Education Unit

Qualification : MD / DNB ((Family Medicine / General Medicine).

Experience: Should have at least five years of clinical experience at primary and secondary levels with teaching experience. Preference will be given to candidates with experience facilitating blended learning programmes.

Accommodation Provided : (Partly Furnished, Depending on availability).

Applications to be done only through the online application system.

Please log on to <https://clin.cmcvellore.ac.in/cmccapp/listapplication.aspx>

Note: Only online applications will be accepted; Hard copies and emails will not be accepted.

Applications will close on **September 26, 2026.**

2. Senior Resident with MD / DNB Anesthesiology for the Department of Cardiac Anaesthesia

Salary : As per institutional rules.

Accommodation : Provided (Subject to Availability).

Applications to be done only through the online application system.

Please log on to <https://clin.cmcvellore.ac.in/cmccapp/listapplication.aspx>

Note: Only online applications will be accepted; Hard copies and emails will not be accepted.

Applications will close on **October 03, 2026.**

3. Senior Resident / Assistant Professor with MD (Paediatrics) for the Department of Paediatrics Unit-III (Child Protection Service)

Experience : Candidates applying for Assistant Professor should have at least one year teaching experience as (Asst. Professor) in any NMC recognised teaching institution.

Salary : As per institutional rules. **Accommodation :** Provided (Subject to Availability).

Applications to be done only through the online application system.

Please log on to <https://clin.cmcvellore.ac.in/cmccapp/listapplication.aspx>

Note: Only online applications will be accepted; Hard copies and emails will not be accepted.

Applications will close on **September 26, 2026.**

4. Project Manager for the Department of Endocrinology, Diabetes & Metabolism Job Code : 1689

Qualification : Masters in Public Health / Sociology Anthropology / Behavioral Sciences / Psychology. PG first class with at least 3 years post PG experience in health systems research.

Salary : As per institutional rules. **Age Limit :** Up to 35 years.

Mode of Appointment : Project Mode. **Accommodation :** Not Provided.

Applications to be done only through the online application system.

Please log on to <https://clin.cmcvellore.ac.in/cmccapp/listapplication.aspx>

Note: Only online applications will be accepted; Hard copies and emails will not be accepted.

Applications will close on **October 05, 2026.**

5. Specialist in Poison Information for the Poison Control Centre, Department of Medicine Unit - I

Job Code : 1690

Qualification : B.Sc. Critical Care Technology / B.Sc. in Emergency and Trauma Technology / Pharm D.

Age Limit : 35 years. **Salary :** As per institutional rules.

Mode of Appointment : Project Mode. **Accommodation :** Not Provided.

Applications to be done only through the online application system.

Please log on to <https://clin.cmcvellore.ac.in/cmccapp/listapplication.aspx>

Note: *Only online applications will be accepted; Hard copies and emails will not be accepted.*

Applications will close on **October 03, 2026.**

Vacancies under the office of Medical Superintendent-for queries contact the mentioned office

6. Staff III Graduate Technician for the Department of Vascular Surgery (CMC Vellore Ranipet Campus)

Qualifications : Any Degree with science stream and with 4 Years of experience as Asst. Graduate Technician (Term Appointment) or equivalent only need to apply.

Age Limit: 35 years. **Salary Scale :** As per institutional rules.

Applications to be done only through online application system.

Please log on to <https://clin.cmcvellore.ac.in/cmccapp/listapplication.aspx>

Note: *Only online applications will be accepted; Hard copies and emails will not be accepted.*

Applications will close on **September 28, 2026.**

7. Jr. Molecular Genetic Technician (Term Appointment) for the Department of Neurological Sciences (Neurophysiology)

Qualification: B.Sc., in Biochemistry with Post Graduate Diploma in Genetic Diagnosis Technology

Consolidated Pay: As per institutional rules.

Age Limit: Below 30 years.

Note: *Only regular mode will be accepted, private or correspondence will not be accepted.*

Applications to be done only through online application system.

Please log on to <https://clin.cmcvellore.ac.in/cmccapp/listapplication.aspx>.

Note: *Only online applications will be accepted; Hard copies and emails will not be accepted.*

Applications will close on **October 05, 2026**

8. Jr. Speech Therapist (Term Appointment) for the Department of PMR.

Qualifications: BASLP., (Bachelor's in Audiology and Speech Language Pathology) with RCI registration certificate.

Consolidated Pay: As per institutional rules. **Age Limit:** Below 30 years.

Note: *Only regular mode will be accepted, private or correspondence will not be accepted.*

Applications to be done only through online application system.

Please log on to <https://clin.cmcvellore.ac.in/cmccapp/listapplication.aspx>
