Terms & Conditions

- Applicants must be pursuing or have completed a Diploma, B.E., B.Tech., PG Diploma, M.E., or M.Tech. in Biomedical, Electronics, Instrumentation, or an equivalent engineering discipline.
- Students must submit a Bonafide Certificate and valid Student ID. Working professionals must submit an approval letter from their organisation.
- Mission Hospital Network applicants must apply through the CMC Missions Department.
- Admission is subject to approval and shortlisting by CMC Vellore and the Department of Biomedical Engineering.
- This is an observation-only programme. No hands-on training will be provided. Stipend, financial assistance,accommodation and transportation are not provided. Non-local applicants must provide local guardian details.
- The observation period is 2 or 4 weeks, normally starting on the first working day of the month. Applicants must remain strictly as observers and must not operate, handle, repair, or interfere with equipment. They must remain under the supervision of BME staff.
- Mobile phones, photography, videography, audio recording, and social media sharing related to CMC patients, staff, or equipment are strictly prohibited. Unauthorised access to restricted area, loitering, or damage to CMC property may lead to necessary action as per CMC policy. CMC documents, procedures, and educational materials must not be copied or reproduced.
- Applicants must follow the formal dress code and maintain daily attendance. Uninformed leave or misconduct may result in cancellation of the observation.
- A Certificate of Completion will be issued after satisfactory completion of all requirements.
- For fee details, contact Department of Biomedical Engineering: 0416-228-2661.

I declare that all information provided in this Application form is true and correct to the best of my knowledge. I understand that falsification of data will result in automatic disqualification. I have read the terms and conditions mentioned and duly agree to the same.
