

CMC Vellore Inaugurates 346-Bedded Paediatric Speciality Centre at Ranipet Campus

Ranipet, Ranipet District | 1st October 2026

Christian Medical College Vellore inaugurated its new 346-bedded Paediatric Speciality Centre Fairfax-Quess Block at the Ranipet Campus on 1st October 2026, marking a significant milestone in the institution's continuing commitment to providing comprehensive, compassionate and advanced healthcare for children. The centre was inaugurated by a ribbon cutting by Mr. Prem Watsa, Founder, Chairman and Chief Executive of Fairfax Financial Holdings, Canada along with Mr. Ajit Isaac, Founder & Chairman, Quess Corp Limited. The new centre represents a major investment in paediatric healthcare infrastructure and is envisioned as a centre of excellence bringing together multiple paediatric specialities and super-specialities under one roof. The facility will further strengthen CMC's existing capacity to provide specialist, tertiary and highly complex medical and surgical care for children from across India and beyond.

125 Years of CMC Vellore 1900-2025

Dr Paul Wilson Brand was the first faculty member from CMC Vellore to publish a review article in the New England Journal of Medicine with his epochal 1956 paper "Treatment of Leprosy: The Role of Surgery", which reshaped global approaches to reconstructive care in leprosy.

DID YOU
KNOW?

Transition of Paediatric Speciality Departments to CMC Vellore, Ranipet Campus

The departments and services transitioning include:

Paediatric Neurology
Paediatric Rheumatology
Paediatric Nephrology
Paediatric Respiratory Medicine
Paediatric Oncology
Paediatric Infectious Diseases
Paediatric Gastroenterology
Paediatric Intensive Care Unit (Paediatric ICU)
Developmental Paediatrics
Paediatric Emergency
Paediatric Endocrinology
Special Needs Dentistry

The transition of these services will bring together a broad spectrum of specialised medical, emergency, intensive care, developmental and dental services within an integrated paediatric care environment. The new facility is planned to be commissioned in January 2027, with the transition and commencement of functioning of the clinical departments planned in phases during February and March 2027. This consolidation will facilitate closer collaboration among paediatricians, super-specialists, surgeons, nurses, allied health professionals and other members of the multidisciplinary care team. Envisioned as one of the first comprehensive higher-speciality paediatric hospitals in India, this centre will enable coordinated and comprehensive care for children with complex and challenging medical conditions, while providing families with access to a wide range of specialist and super-specialist services within a single, child-centered environment. The paediatric speciality centre is located within CMC's 1,200-bedded Super Speciality Hospital at the Ranipet Campus, strategically situated on the NH 48 Chennai–Bengaluru Highway. Its location within the larger Ranipet healthcare campus will facilitate access to advanced diagnostic, therapeutic, surgical and other support services.

A Philanthropic Partnership for the Future

The project has been made possible through the generous support of Fairfax (through the Vellore CMC Foundation) and Quess Corp, along with contributions from other donors and well-wishers. This partnership reflects a shared vision of creating a lasting healthcare institution that will serve children with complex medical needs and contribute to the advancement of paediatric medicine in India. The support of Fairfax and Quess Corp represents more than an investment in infrastructure. It is an investment in the health, hope and future of children and families, creating a lasting legacy that will benefit generations to come.

125 Years of CMC Vellore – A Legacy of Service

CMC's journey began in 1900, with the pioneering vision of Dr. Ida Scudder, whose commitment to caring for women and children laid the foundation for what has grown into one of India's leading medical institutions. Over the past 125 years, CMC has evolved into a comprehensive academic medical centre recognised for its commitment to patient care, education, research and service to society.

Throughout its journey, CMC has remained committed to providing high-quality healthcare while serving people with compassion, dignity and a deep sense of responsibility. Its growth has been guided by a vision that brings together medical excellence, education, research and service to humanity. As CMC celebrates 125 years of service and looks towards the future, the 346-bedded Paediatric Speciality Centre stands as a significant milestone in its continuing journey of service, excellence and innovation.

15th Annual Dr. Ida S. Scudder Humanitarian Oration

Christian Medical College Vellore and the Vellore Christian Medical College Foundation, New York, hosted the 15th Annual Dr. Ida S. Scudder Humanitarian Oration on 29th September 2026 at the Scudder Auditorium, CMC Vellore College Campus. The Oration was delivered by Smt. Preeti Sudan, IAS (Retd.), former Union Health Secretary and former Chairperson of the Union Public Service Commission (UPSC).

Established in 2011, the Dr. Ida S. Scudder Humanitarian Oration honours individuals whose lives and work reflect the compassion, integrity and commitment to service associated with Dr. Ida Sophia Scudder. Smt. Sudan was recognised for a distinguished career spanning nearly four decades in public service, with significant contributions to health and social policy.

As Union Health Secretary, she played a role in India's response to the COVID-19 pandemic and was instrumental in initiating major national programmes including Ayushman Bharat and Beti Bachao Beti Padhao. She also contributed to legislation concerning medical and allied health education and public health. Her work extended to the international health arena through leadership roles in organisations and partnerships addressing tobacco control, maternal and child health, digital health and pandemic preparedness. She spoke about public health, healthcare systems and the importance of strengthening health services to serve communities equitably. She also reflected on her experiences in public service, including India's response to the COVID-19 pandemic, and the values of compassion, service and leadership.

Through the annual Humanitarian Oration, this partnership continues to celebrate individuals whose lives embody a commitment to serving others. The 2026 Oration brought this legacy into focus through the recognition of Smt. Preeti Sudan and her sustained contribution to public service, health policy and the well-being of communities in India and beyond.

Be Thou My Vision: Ida Scudder of Vellore – Award-Winning Documentary

The documentary *Be Thou My Vision: Ida Scudder of Vellore (Part 1)* presents the story of our founder's early life and the establishment of the medical school. It was released on YouTube on December 9, 2025 and is now available in English and four Indian languages. On February 18, 2026, the documentary received the Crown Award (Silver) for Best Foreign Production from the International Christian Visual Media Association in Nashville, Tennessee.

More recently, the documentary has also received the following recognitions:

Winner: Jewel Award for Best Documentary from the Christian European Visual Media Association at Yarnfield, United Kingdom, September 19, 2026

Winner: Best Documentary – Missions from the Content Christian Media Conference at Capernaum Studio, Texas, United States, September 25, 2026

Nomination: Best Documentary – Storytelling from the Content Christian Media Conference, September 2026.

Dr. Reena George, Principal Scriptwriter for the documentary, accepted the Jewel and Content Christian Media awards on behalf of the teams from Shepherd Films (led by Mr. Aneesh Daniel, Producer-Director) and Christian Medical College Vellore (led by Dr. Jachin Velavan, Associate Director, Missions). We thank the CMC administration, Mr. Sanjay Guru (Episode Director), the cast and crew, Dr. Vinoi George and Ms. Shikha Bhattacharji for leading the fundraising teams, and the contributors and prayer partners who made the production possible. We invite alumni and well-wishers to support the production of Part 2.

- Individual donations of Rs 50,000 will be acknowledged with a pair of names in the rolling credits.
- Groups or alumni batches contributing a cumulative Rs 5 lakh will also be recognized in the credits.

Please email the CMC Development Office [dev.office@cmcvellore.ac.in] for more details.

We thank the Australian Board of Friends of Vellore, the MBBS batches of 1961, 1983 and 1986, and all individual donors who contributed to the production of Part 1.

CMC Ranipet Campus Recognised for Excellence in Organ Donation

CMC Vellore Ranipet Campus, was adjudged second for best performance in the Deceased Donor Programme, based on the number of deceased donors, at the TRANSTAN Organ Donation Day Programme organised by the Government of Tamil Nadu on 23rd September 2026. The CMC Ranipet Campus also received the second-best performance award for Brain Stem Death Certification, recognising its contribution to strengthening the deceased organ donation programme. Adding to these achievements, Mr. Jaishankar, Transplant Coordinator, CMC Vellore Ranipet Campus, received the first prize for Best Performance for the sixth time at the same event. These recognitions reflect the sustained commitment of the CMC Ranipet Campus team towards organ donation, timely brain stem death certification, and strengthening the deceased donor programme in Tamil Nadu.

CMC Vellore Town Campus has officially achieved the prestigious "Eat Right Campus" certification from the Food Safety and Standards Authority of India (FSSAI).

In a major boost to institutional health and wellness, Christian Medical College, Town Campus has been officially certified as an "Eat Right Campus" by the Food Safety and Standards Authority of India (FSSAI). The certification comes after an extensive multi-step evaluation process, including registration on the official Eat Right India Portal, dedicated training of all kitchen and canteen staff via Food Safety Training and Certification (FoSTaC), and a thorough third-party final audit.

This milestone underscores the institution's commitment to ensuring safe, healthy, and sustainable food options for our expansive community of patients, staff, students and visitors.

This recognition highlights successful implementation of stringent food safety measures and eco-friendly sustainability practices across the canteens and kitchens of Town Campus. The campus looks forward to utilising these certified practices to significantly reduce the risk of food-borne illnesses and non-communicable diseases, keeping wellness at the very heart of medical excellence.

The Hospital administration expresses its gratitude to the General Superintendent, Mr. Reni Charles, for his leadership and guidance, the Deputy General Superintendents, Mr. Dinesh and Ms. Sonia Valas, for their valuable support & the assistance of Mrs. Manimegalai, Dietetics.

The Hospital administration appreciates the Food and Beverages Section, GS Office — Mr. Simon Peter Jebaraj, Mr. Jonathan Raju Galla and Mr. Samson Ponraj, who conceptualised & initiated the certification process and whose dedicated efforts and tireless coordination contributed to making this certification goal a reality.

CMC Ranipet Marks International Day of Charity

CMC Vellore Ranipet Campus observed the International Day of Charity on 5th September 2026, commemorating the death anniversary of Mother Teresa, whose life continues to inspire the values of compassion, selfless service and care for those in need. In keeping with this spirit, the campus organised a special Charity Day initiative themed “Supporting Local Communities.” Following an appeal, staff members were invited to share surplus household articles, provisions and gently used clothing with families in need. From 25th August to 10th September 2026, staff contributed rice, dhal, wheat, oil, sugar, clothes, blankets, bedspreads, stationery and other essential items. The initiative provided a simple opportunity for the staff to share what they could with those who had a need.

With the support of the Community Nursing team, more than 100 families from villages around the campus were identified. A distribution programme was held on 9th September 2026, with representatives

from 30 selected families invited to the campus. Stalls were also arranged on the same day, where staff could purchase and share provisions and clothing. Several staff members chose to purchase new items to be donated to their noble cause.

With the assistance of the Security Services, 15 nomadic families were also identified. Essential provisions were shared with these families through home visits, with distributions taking place on the evening of 9th September and again on 15th September 2026. The initiative was supported by the Security Services, all the staff at Ranipet campus including doctors residing in the campus along with the General Services and Community Nursing teams facilitating the arrangements and coordinating the outreach to the families. For the beneficiaries, the occasion was more than receiving essential items. It was an expression of care, dignity and solidarity. Many expressed their gratitude and happiness, particularly for the opportunity to choose clothing according to their preferences. One beneficiary also shared how CMC's compassionate care had been a source of support to their family.

The programme reflected CMC's enduring commitment to compassion, service and solidarity with the local community.

ASCENT 2026 – Advanced Skills in Critical Care Education and New Technologies

The Department of Critical Care Medicine conducted ASCENT 2026 (Advanced Skills in Critical Care Education and New Technologies), a one-day hands-on workshop on 26th September 2026, aimed at strengthening the knowledge and practical skills of Critical Care Therapists in bedside critical care procedures.

The programme featured interactive, hands-on skill stations covering mechanical ventilation, haemodynamic monitoring, Basic and Advanced Life Support (BLS/ACLS), and advanced airway management. An hour-long Megacode session provided delegates with realistic emergency scenarios, enabling them to practise systematic assessment, decision-making, team response, and life-saving protocols in simulated critical care situations.

The workshop was attended by 45 delegates from across Tamil Nadu and received highly appreciative feedback, reflecting the success of the programme and its emphasis on practical, competency-based critical care education.

Cochrane Systematic Reviews, GRADE, Evidence to Decision and Guideline Development Workshop

The “Cochrane Systematic Reviews, GRADE, Evidence to Decision, and Guideline Development Workshop” was held from September 22nd & 25th, 2026. The workshop was jointly conducted by the Cochrane & Technical Resource Hub (TRH), Department of Reproductive Medicine & Surgery, CMC Vellore.

Flavours of Our Heritage – A Diabetes-Friendly Cookery Competition

The Department of Endocrinology, Diabetes & Metabolism, CMC Vellore, organised a cookery competition titled “Flavours of Our Heritage – Prepare a Diabetes-Friendly Lunch from Tamil Nadu or Andhra Cuisine” on 26th September 2026 at Darling Residency, Vellore, as part of its World Diabetes Day 2026 initiatives. The competition aimed to promote healthy, balanced and culturally appropriate meals for the prevention and management of diabetes.

The programme was presided over by Dr. Padmavathi and addressed by Dr. Asha H.S. Dr. Sudha Jasmine, Associate Director (HR) was the Chief Guest and emphasised the importance of healthier food choices while preserving traditional dietary practices. A total of 30 teams participated, including 15 healthcare professional teams and 15 non-healthcare professional teams. The entries were judged on taste, nutritional value, creativity, presentation, cost-effectiveness and suitability as a diabetes-friendly meal. The panel of judges comprised Dr. Lalee Varghese, Professor, ENT Unit 3; Dr. Aparna Munjurpattu, Associate Professor, HPB Surgery; Mrs. Mary Jennifer, Professor, College of Nursing; and Mrs. Sandhya, Dietician, CMC Vellore.

Prize Winners – Healthcare Professionals

First Prize: Ms. Ida Florence & Ms. Emily Richline J. – HICC, CMC Vellore

Second Prize: Ms. Srisha D. & Mr. Karthik – Assistant Professor, Plastic Surgery

Third Prize: Ms. S. Lavanya & Mr. S. Yuvaraj – Tutors, Narayani College of Nursing

Consolation Prizes: Ms. Jaya Gladis & Ms. Mansu Priya (Ward Staff Nurses)

Ms. A. Mohana & Ms. Physia Angel- (Pharmacists)

Ms. Priscilla J. & Ms. Roshini M. – (Nurse Educators, Nephrology)

Ms. Priya Dharshini & Ms. Senthamizh - CMC Vellore

Prize Winners : Non-Healthcare Professionals

First Prize : Ms. Preethi & Ms. Cheryl – Shrishti Vidhyashram School

Second Prize : Ms. Saranya & Ms. Arokiyarnary – Don Bosco Matric School

Third Prize : Ms. Divya R. & Ms. Deepa Varshini A.S. – Spring Days CBSE School

Consolation Prizes : Ms. Sandhya A. & Ms. Devika – St. Mary’s School Ms. Renuka Devi & Ms. Priyadarshini – Ida Scudder School.

The competition successfully demonstrated that traditional cuisine and healthy eating can go hand in hand. It created awareness about balanced meals, portion control and diabetes-friendly food choices while celebrating the culinary heritage of Tamil Nadu and Andhra Pradesh, reinforcing the message, “Each meal matters.”

National Symposium on Reimagining Compassionate Care - 2026

The Chaplaincy, Christian Medical College Vellore hosted the National Symposium on Reimagining Compassionate Care from 17th–18th September 2026 at the New Examination Hall, Bagayam campus. The symposium brought together healthcare professionals, students, theologians, chaplains, and other leaders from across the country to explore how compassionate care can respond to the needs and realities of the present context. Through the keynote address, presentations, panel discussions, and interactive sessions, participants examined the theological and pastoral dimensions of care, human dignity and disability, healthcare ethics and public theology, end-of-life care, and the challenges and possibilities arising from contemporary healthcare and technology.

The symposium created space for interdisciplinary dialogue, where delegates from diverse institutions and professional backgrounds could share experiences, insights, and practices. Discussions also invited reflection on how the church, working alongside the healthcare sector, can move beyond cure alone to support human flourishing, solidarity, and holistic care. The symposium concluded with a renewed commitment to nurture compassionate communities and fostering justice, dignity, and peace.

The Departments of Cardiology and Continuing Medical Education organised a CME on Hypertension

The Departments of Cardiology and Continuing Medical Education organised a CME on Hypertension on 26th September, 2026. The programme was moderated by Dr. Viji Samuel Thomson, Professor and Head, Dept. of Cardiology. The speakers, Dr. Arpudh Michael Anandaraj, Dr. Aditya John Binu, Dr. S. Sandhya and Dr. Viji Samuel Thomson from the Department of Cardiology, and Dr. Amal Paul, Consultant Cardiologist, MOSC Medical Mission Hospital, Thrissur, Kerala discussed accelerated hypertension, hypertensive heart disease, medical treatment of hypertension, interventions in hypertension, and evaluation of secondary hypertension. The programme was attended by over 165 participants from 12 states and several departments in CMC. The CME Department thanks Dr. Viji Samuel Thomson, the speakers, and the Telemedicine Department for making the CME possible.

The Clinical Epidemiology Unit Organises a Workshop on Reference Management

The Clinical Epidemiology Unit (CEU), organised a Workshop on Reference Management using Zotero software on 18th September 2026. The workshop had 15 participants who were faculty and postgraduate students from our institution. The topics covered were references, reference styles, managing references, basic and advanced literature search, plagiarism and zotero reference management software. The sessions were predominantly interactive with hands-on sessions on literature search and reference manager.

The faculty consisted of Dr. Thambu David, Senior Professor, Department of Medicine and Clinical Epidemiology Unit (CEU), Dr. Vignesh Kumar Chandiraseharan, Professor and Co-ordinator, CEU, Dr. Hallel Reba, Assistant Professor, Department of Medicine and CEU and Mr. Madhan Kumar, Computer Operator, CEU. This event was well received by the participants.
